You will receive your utility bill at the end of the month as usual, but instead of having to worry about paying that bill on time, it will always come out of the bank account you designate around the 10th of the month. **NO MORE LATE CHARGES TO HAVE TO CONTEND WITH!!** All we need is a signed Authorization along with an attached voided check or your banks ABA # and Checking Account #. Once this is set up, you wont have to worry about ever being late again.
