Switching from paper bills to PAPERLESS billing can save both time and money. Rather than receiving your bill each month in the mail, you'll get a handy email with your current bill attached. Even a small step can have a big impact in your life and your budget. Here are the top four reasons to go PAPERLESS.

LESS time waiting for your bill to arrive.

As soon as your bill is ready, you'll receive it by email!

LESS mail means LESS clutter.

Is your kitchen table a tragic mess of papers that cause you to be late on payments? Make your TMU bill one less paper in the pile with PAPERLESS billing.

LESS impact on the environment.

According to the U.S. Environmental Protection Agency, the average American uses about one 100-foot-tall Douglas fir tree's equivalent in paper each year. One less paper bill means less air pollution from paper production.

MORE time to pay.

When you get your bill sooner, you can better plan your budget around making your payment each month.

It's simple, secure, and best of all, PAPERLESS is free to you! Ready to sign up? Visit:
